Digital Signature System

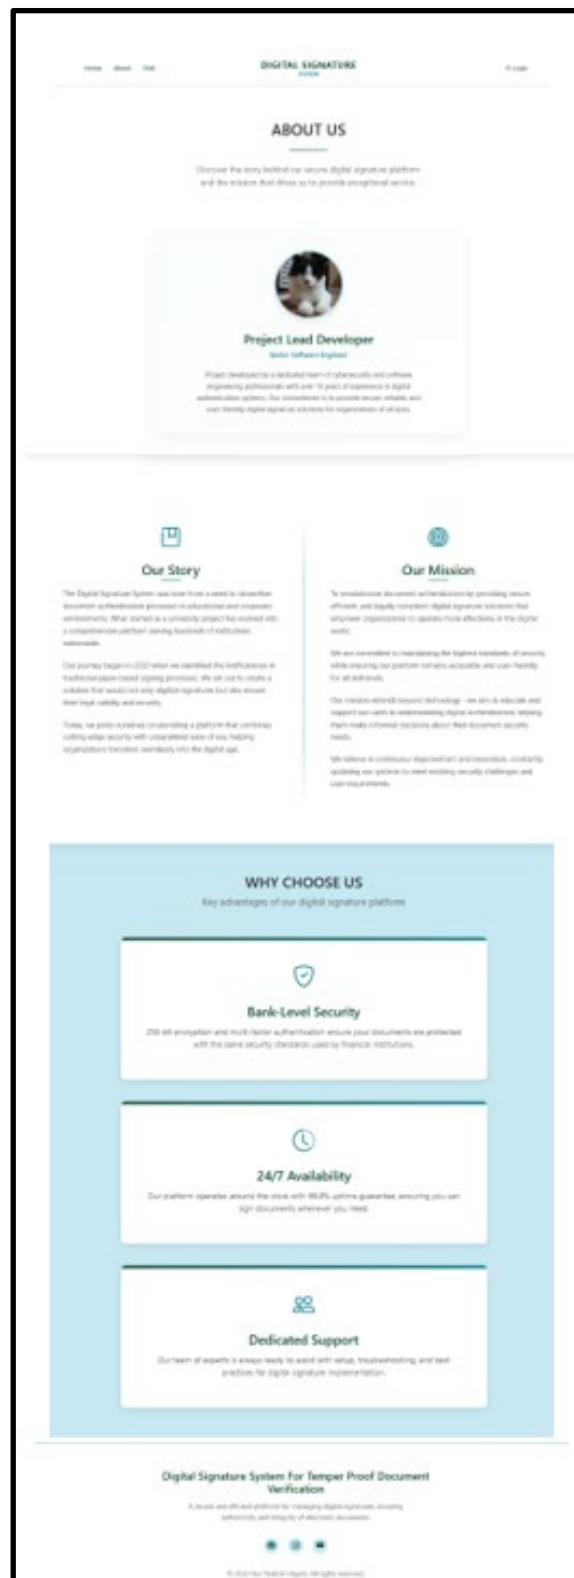

HOME PAGE

1. Main

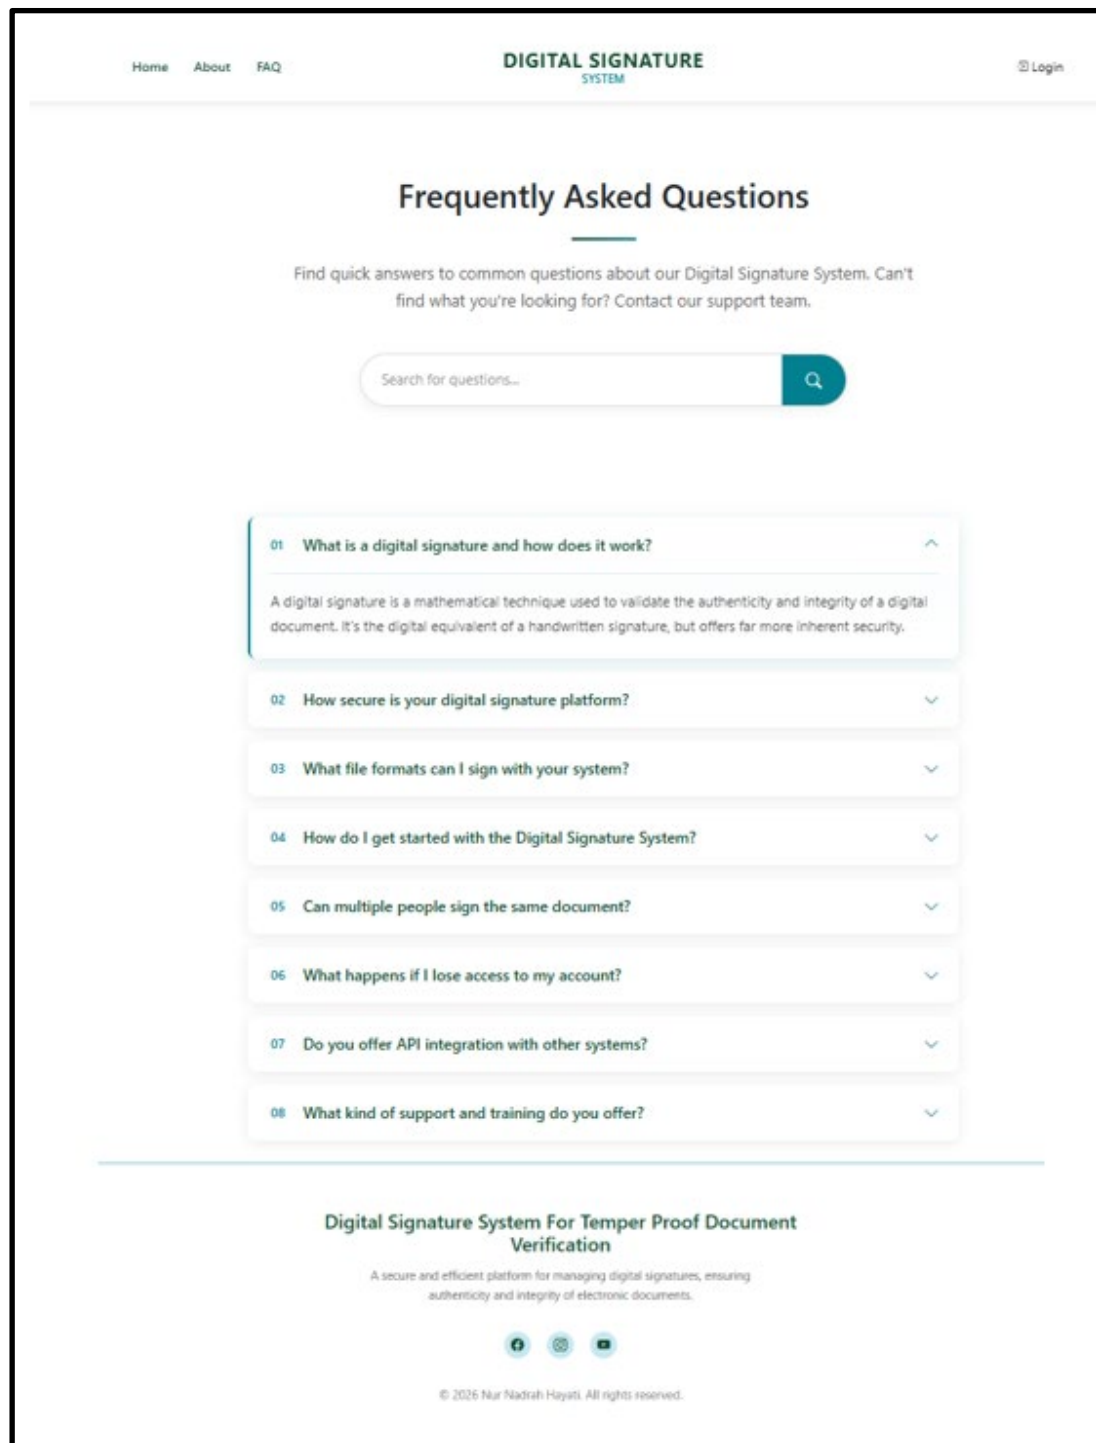

The first page users see when visiting the system URL. It displays the system name, a brief description of the Digital Signature System, and a Register Here button for new users. If you are already logged in, the button will change to Go to Dashboard and redirect you directly. The page also includes a navigation bar at the top with links to About Us, FAQ, Login, and Register.

2. About Us

Provides background information about the Digital Signature System, its purpose, and the institution it was developed. This page is publicly accessible and requires no login to view.

3. FaQ

Lists commonly asked questions about the system, covering topics such as how document verification works, what the QR code does, and how to use the system. This page is publicly accessible and intended to help new users understand the system before registering.

4. Login

The screenshot displays the login interface of the Digital Signature System. At the top, a navigation bar includes links for Home, About, and FAQ, alongside a Login button. The main heading is "DIGITAL SIGNATURE SYSTEM". The central focus is a white login card with a blue user icon and the title "LOGIN". Below the title, it prompts the user to "Sign in to your Digital Signature System account". The form contains two input fields: "Email Address" with a placeholder "Enter your email address" and "Password" with a placeholder "Enter your password" and a toggle for visibility. Below these fields are two buttons: a green "LOGIN" button and a white "RESET" button. At the bottom of the card, there is a link "Don't Have An Account?" and a "SIGN UP" button. The footer section features the title "Digital Signature System For Temper Proof Document Verification", a descriptive tagline, and social media icons for Facebook, Instagram, and YouTube.

Allows registered users to access the system. Enter your registered email address and password then click Sign In. If your credentials are correct, you will be redirected to the Dashboard. If you do not have an account yet, click the Register link at the bottom of the form.

5. Register

Allows new users to create an account. Fill in your full name, email address (Gmail, Yahoo, Outlook, or any valid email), and a password that meets the requirements — minimum 8 characters and at least one special character.

Click Create Account and you will be automatically logged in and redirected to the Dashboard. All new accounts are assigned the User role by default. Admin and Superadmin access must be granted manually by the system administrator.

ADMIN

1. Uploading and Signing a Document

The screenshot shows the 'Upload & Sign Document' interface. At the top, there's a header with 'Mr Admin' and a 'Logout' button. Below the header, the title 'Upload & Sign Document' is centered. A sidebar on the left contains icons for various functions, with the 'Upload' icon highlighted. The main content area features a form with the following fields:

- TAJUK (Title) ***: A text input field with a placeholder example 'e.g. ONLINE CLASSES'.
- Kepada (To) ***: A text input field with a placeholder example 'e.g. DEGREE STUDENTS'.
- Melalui (From)**: A text input field with a placeholder example 'e.g. LECTURER OF FCOM'.
- Internal Notes (not shown in memo)**: A text area for additional notes.
- Memo Content Source**: Two buttons, 'Upload Word Document' (green) and 'Enter Text' (light blue).
- Choose File**: A file selection button with the text 'No file chosen'.
- Supported: .docx files only**: A note indicating the supported file format.
- Sign & Generate Memo PDF**: A large green button at the bottom of the form.

Click Upload from the sidebar

Enter the memo subject and fill in the document details (Kepada, Melalui, Description)

Either type the document content directly or upload a Word file

Click Submit — the system will automatically generate a digitally signed PDF with an embedded QR code

2. Sending a Document

Click File List from the sidebar

Find the document you want to send and click  Send

Choose Send to Entire Class and select the class from the dropdown, or choose Send to Individuals and search/filter/select specific users

Click Send Document to Recipients

3. Managing Files

Click File List from the sidebar to view all uploaded documents

Use the search bar to find specific documents

Click  Download to retrieve a copy, or  Delete to permanently remove a document

4. Managing Classes

To create a new class, enter a class name and optional description then click Create Class

To edit or delete an existing class, use the  Edit or  Delete buttons in the table

Each class displays its current student count (max 200 students per class)

5. Assigning Students to Classes

Use the search bar or filter tabs to find students

To assign one student, use the Quick Assign dropdown on their row and click Update

To assign multiple students at once, tick their checkboxes — a sticky bar will appear at the bottom showing how many are selected

Choose a class from the dropdown in the sticky bar and click ☒ Assign

6. Managing Your Profile

The screenshot displays the 'Profile Management' section of the system. At the top, a header bar shows 'Mr Admin' with an 'ADMIN' role indicator and a 'Logout' button. The main heading is 'Profile Management' with a sub-heading 'Manage Your Profile'. Below this is a 'Personal Profile' form. The form includes a circular profile picture placeholder with a green diamond icon and a 'Use Gravatar' checkbox. The form fields are: 'Full Name *' (containing 'Mr Admin'), 'Email *' (containing 'Admin@gmail.com'), 'Current Password' (with a note 'Only needed to change password'), 'New Password' (with a note 'Leave blank to keep current'), and 'Confirm' (with a note 'Repeat new password'). A 'Save Changes' button is at the bottom of the form.

Click Profile from the sidebar

Update your name, email, photo, or password

Click Save Changes

7. Sending Feedback

Click Feedback from the sidebar and submit any system-related feedback to the Superadmin
