Digital Signature System

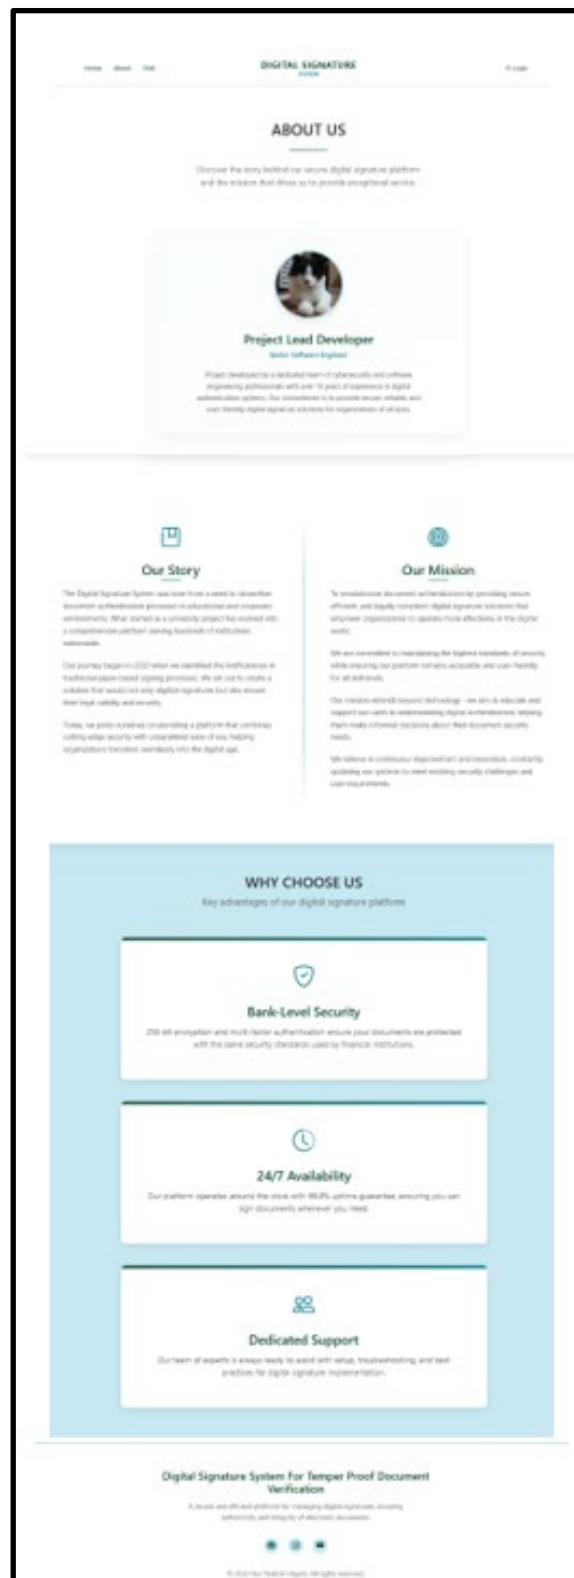

HOME PAGE

1. Main

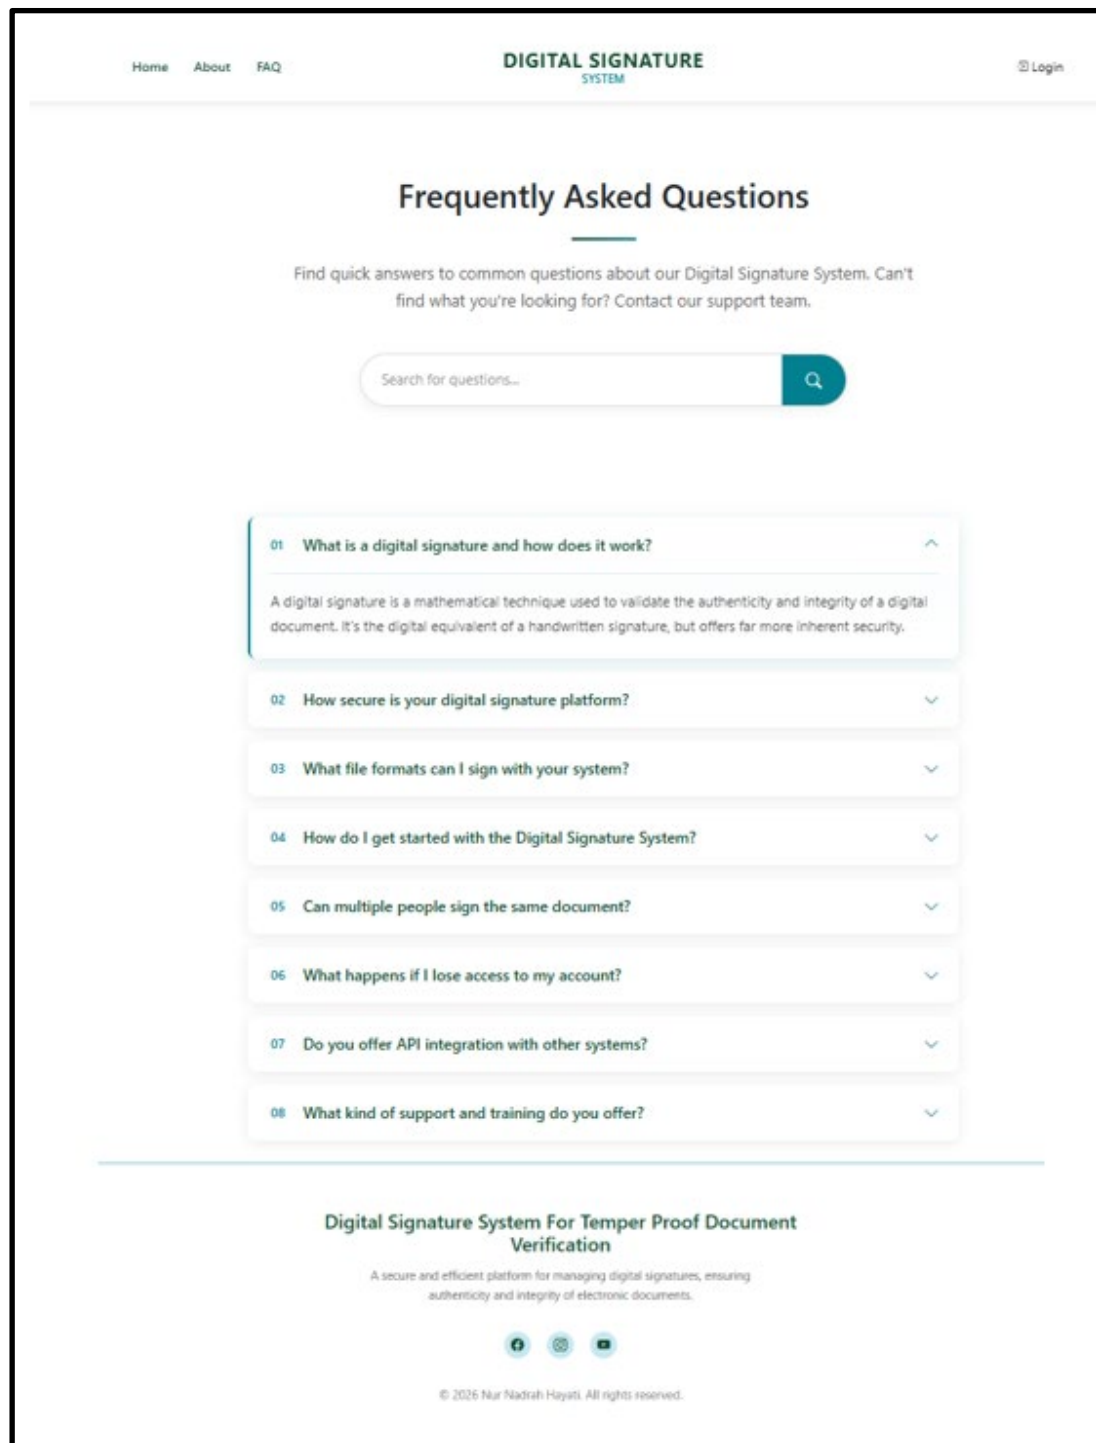

The first page users see when visiting the system URL. It displays the system name, a brief description of the Digital Signature System, and a Register Here button for new users. If you are already logged in, the button will change to Go to Dashboard and redirect you directly. The page also includes a navigation bar at the top with links to About Us, FAQ, Login, and Register.

2. About Us

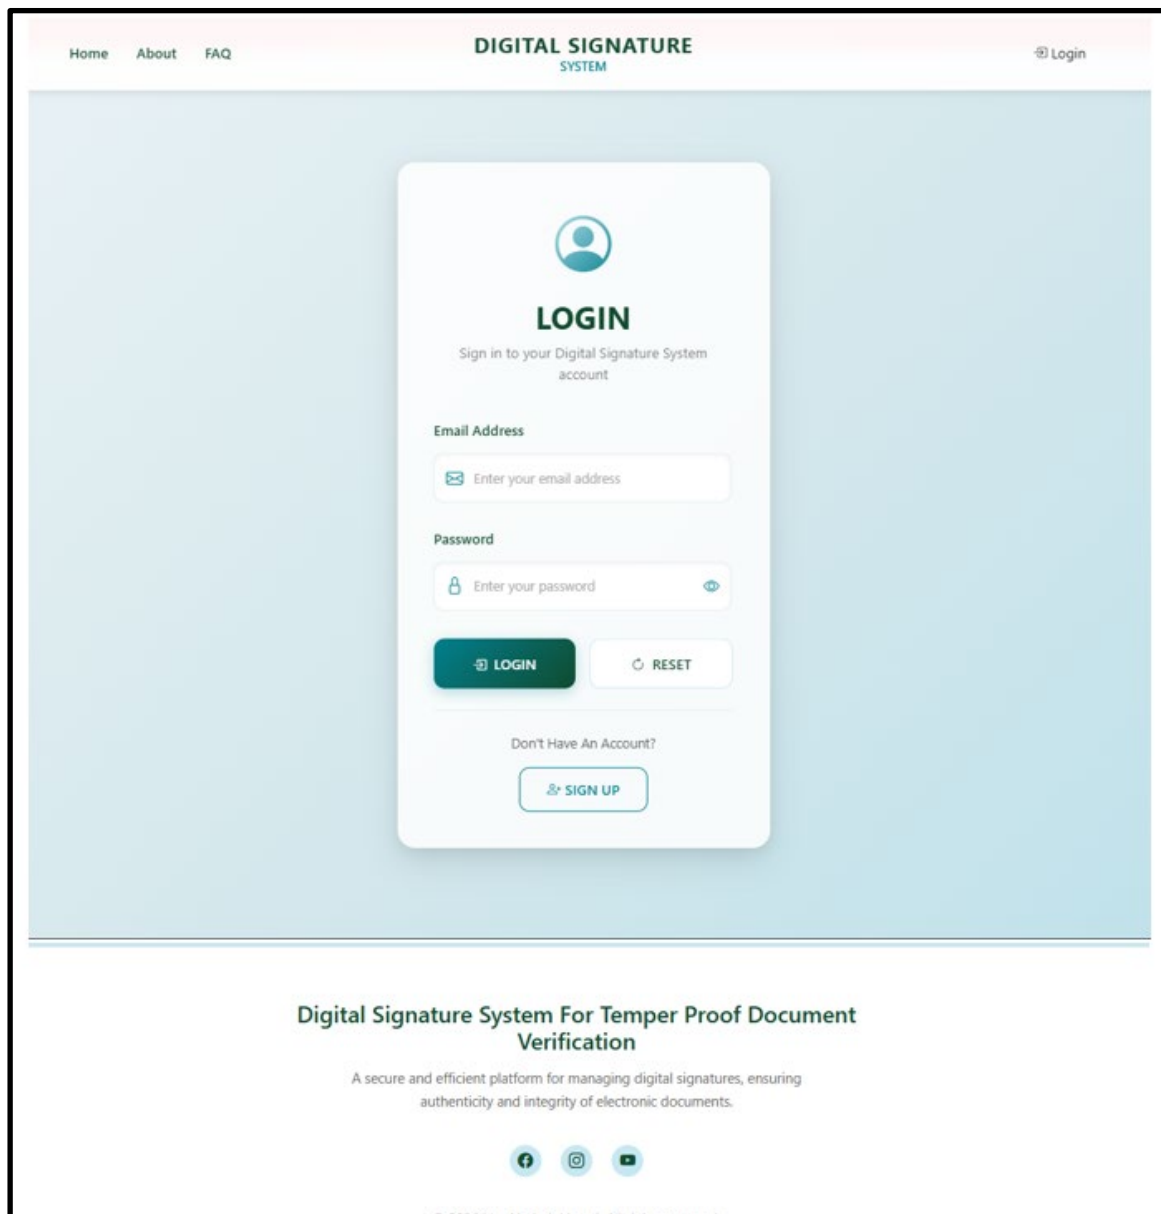

Provides background information about the Digital Signature System, its purpose, and the institution it was developed. This page is publicly accessible and requires no login to view.

3. FaQ

Lists commonly asked questions about the system, covering topics such as how document verification works, what the QR code does, and how to use the system. This page is publicly accessible and intended to help new users understand the system before registering.

4. Login

The screenshot displays the login interface of the Digital Signature System. At the top, a navigation bar includes links for Home, About, and FAQ, alongside a Login button. The main content area features a central white card with a blue user icon and the heading "LOGIN". Below this, a subheading reads "Sign in to your Digital Signature System account". The form consists of two input fields: "Email Address" with a placeholder "Enter your email address" and "Password" with a placeholder "Enter your password" and a toggle icon. Below the fields are two buttons: a green "LOGIN" button and a white "RESET" button. A link "Don't Have An Account?" with a "SIGN UP" button is positioned at the bottom of the card. The footer contains the text "Digital Signature System For Temper Proof Document Verification", a description "A secure and efficient platform for managing digital signatures, ensuring authenticity and integrity of electronic documents.", and social media icons for Facebook, Instagram, and YouTube.

Allows registered users to access the system. Enter your registered email address and password then click Sign In. If your credentials are correct, you will be redirected to the Dashboard. If you do not have an account yet, click the Register link at the bottom of the form.

5. Register

Allows new users to create an account. Fill in your full name, email address (Gmail, Yahoo, Outlook, or any valid email), and a password that meets the requirements — minimum 8 characters and at least one special character.

Click Create Account and you will be automatically logged in and redirected to the Dashboard. All new accounts are assigned the User role by default. Admin and Superadmin access must be granted manually by the system administrator.

Digital Signature System For Temper Proof Document Verification
A secure and efficient platform for managing digital signatures, ensuring authenticity and integrity of electronic documents.

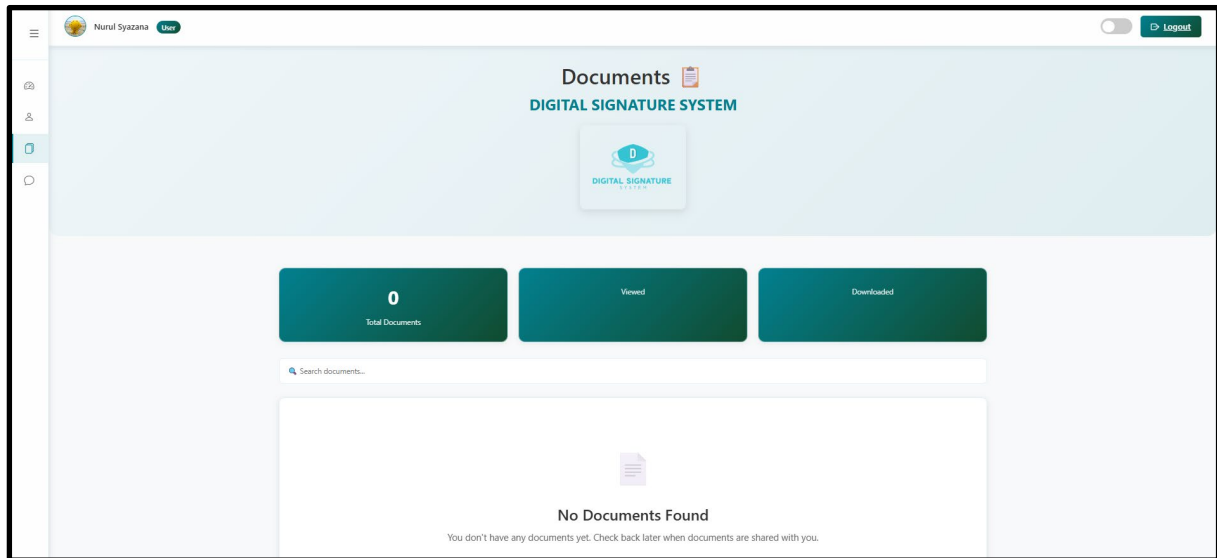

Go to the system URL and click Register Here

Fill in your full name, email, and password (min. 8 characters with a special character)

You will be automatically redirected to the Dashboard upon successful registration

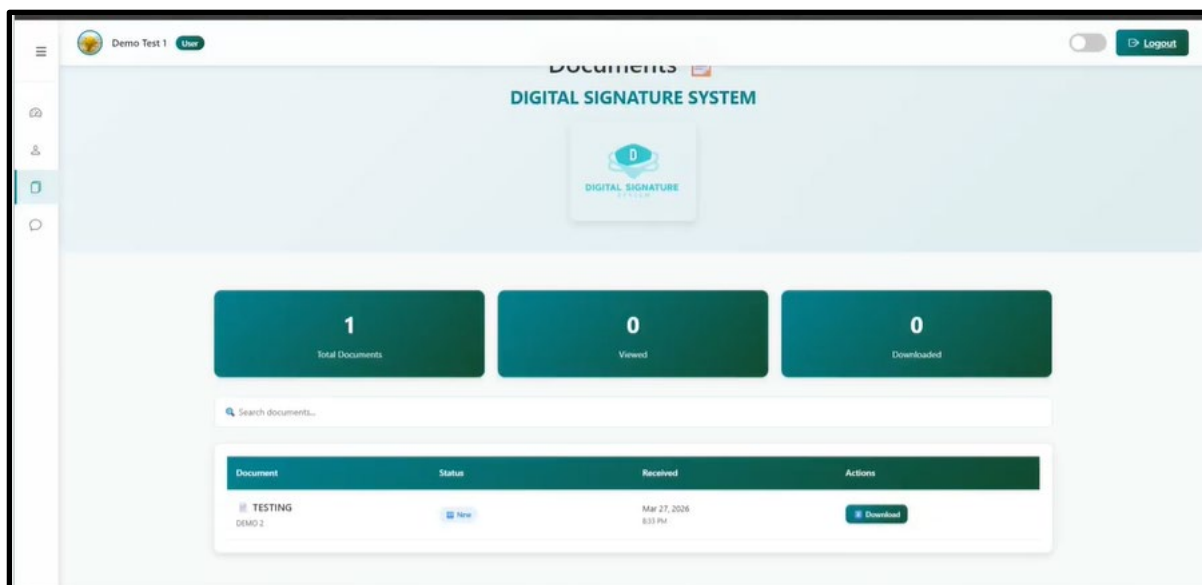

2. Viewing Your Documents

From the Dashboard, click My Files

You will see all documents that have been sent to you by an Admin

Documents are labelled as New, Viewed, or Downloaded

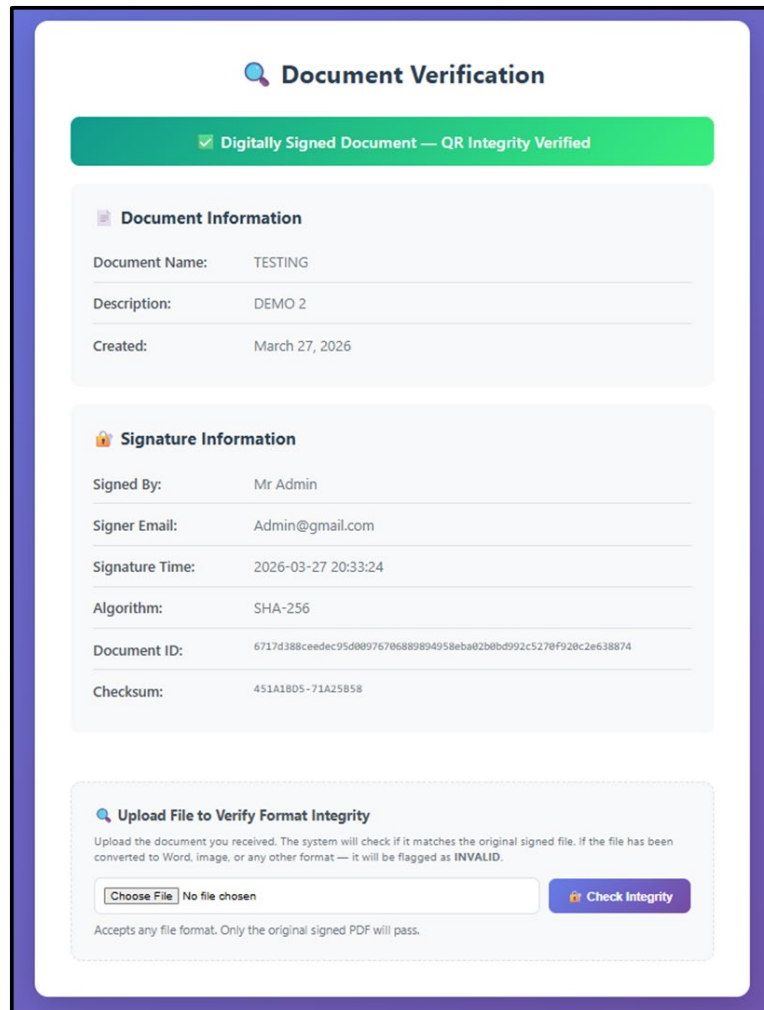

Find the document you want

Click the  Download button

The signed PDF will download to your device

3. Verifying a Document

The screenshot displays a web interface for document verification. At the top, a green banner indicates "Digitally Signed Document — QR Integrity Verified". Below this, the interface is divided into two main sections: "Document Information" and "Signature Information".

Document Information:

Document Name:	TESTING
Description:	DEMO 2
Created:	March 27, 2026

Signature Information:

Signed By:	Mr Admin
Signer Email:	Admin@gmail.com
Signature Time:	2026-03-27 20:33:24
Algorithm:	SHA-256
Document ID:	6717d388ceedec95d00976706889894958eba02b0bd992c5270f920c2e638874
Checksum:	451A1805-71A25B58

At the bottom, there is a section titled "Upload File to Verify Format Integrity". It includes a text box with a "Choose File" button and the text "No file chosen". To the right is a "Check Integrity" button. Below the text box, a note states: "Accepts any file format. Only the original signed PDF will pass."

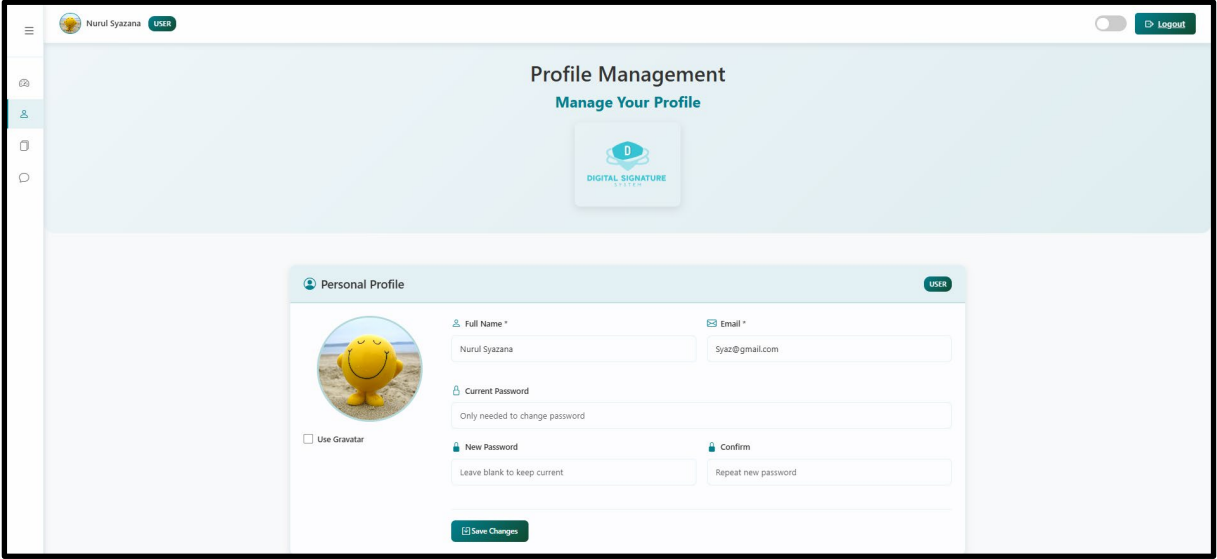

Open the downloaded PDF and locate the QR code at the bottom

Scan the QR code using your phone camera or any QR scanner

The system will open the verification page shown all the information of the signed admin and files

Optionally, upload the PDF file on that page to check file integrity, the system will confirm if it is the original unmodified file

4. Updating Your Profile

The screenshot displays the 'Profile Management' section of the system. At the top, the user's name 'Nurul Syazana' and a 'USER' role indicator are shown. The main heading is 'Profile Management' with the sub-heading 'Manage Your Profile'. Below this is a logo for 'DIGITAL SIGNATURE SYSTEM'. The 'Personal Profile' section contains a profile picture of a yellow smiley face, a 'Use Gravatar' checkbox, and input fields for 'Full Name *' (Nurul Syazana), 'Email *' (Syaz@gmail.com), 'Current Password' (Only needed to change password), 'New Password' (Leave blank to keep current), and 'Confirm' (Repeat new password). A 'Save Changes' button is at the bottom.

Click Profile from the sidebar

Update your name, email, or profile photo

To change your password, fill in your current password then enter and confirm the new one

Click Save Changes

5. Sending Feedback

The screenshot displays the 'Feedback & Inquiries' interface of the 'DIGITAL SIGNATURE SYSTEM'. The top header includes the user profile 'Nurul Syazana' and a 'Logout' button. The main content area features three teal-colored cards showing feedback statistics: 'Total Feedback' (0), 'New / Unread' (0), and 'Resolved' (0). Below these is a 'Submit New Feedback' form with the following fields:

- Subject ***: A text input field with the placeholder 'Enter subject'.
- Your Email**: A text input field containing 'syaz@gmail.com'.
- Message ***: A text area with the placeholder 'Describe your feedback...'.

A search bar labeled 'Search feedback...' is located below the form. At the bottom of the page, a white box displays the message: 'No Feedback Found' with the subtext 'Submit your first feedback above.'.

Click Feedback from the sidebar

Enter a subject and message

Click Submit Feedback

You can track the status of your past feedback in the table below
